Geometrie creative.

Dall'incontro tra Kravitz Design Inc. e Lea Ceramiche nasce Goccia, la nuova collezione per rivestimenti che offre una personale e contemporanea interpretazione del decoro tridimensionale.

Goccia è un fine esercizio per sviluppare una dimensione unica dello spazio: grazie alla trasformazione delle pareti stesse, il decoro delle superfici rappresenta l'elemento portante del progetto. Un modulo declinato in diverse forme tridimensionali giocate su pieni e vuoti, rigorosamente in bianco e nero; luci e ombre suggeriscono e rimandano ai continui movimenti dell'acqua proposti e ricreati in forma stilizzata.

Creative shapes.

From a collaboration between Kravitz Design Inc. and Lea Ceramiche rises Goccia, a new wall tile collection that offers a personal and contemporary interpretation of tridimensional decor.

Goccia is a fine exercise to develop a unique dimension of the space: thanks to the transformation of the walls themselves, the decor of the surfaces becomes the centerpiece of the project. A module declined in different tridimensional shapes that play on concave and convex rigorously in black and white. Lights and shadows suggest the continuous movements of the water recreated in stylized shapes.

La collezione si compone di un modulo declinato in diverse forme tridimensionali giocate su pieni e vuoti, rigorosamente in bianco e nero.

Geometrie a rilievo vengono esaltate dall'uso sapiente degli smalti e dalla polvere di graniglia nella fase finale della lavorazione. Un gioco di luci e ombre sembra suggerire e rimanda ai continui movimenti dell'acqua proposti e ricreati in forma stilizzata.

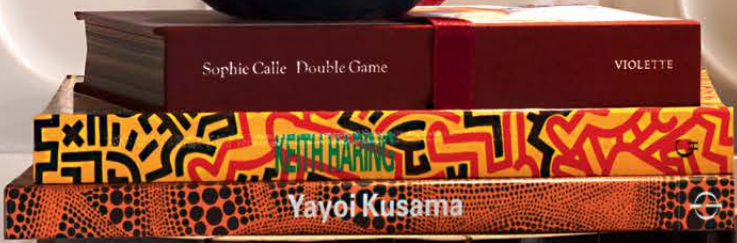

The collection is composed by a module declined in different tridimensional shapes that play on concave and convex, rigorously in black and white.

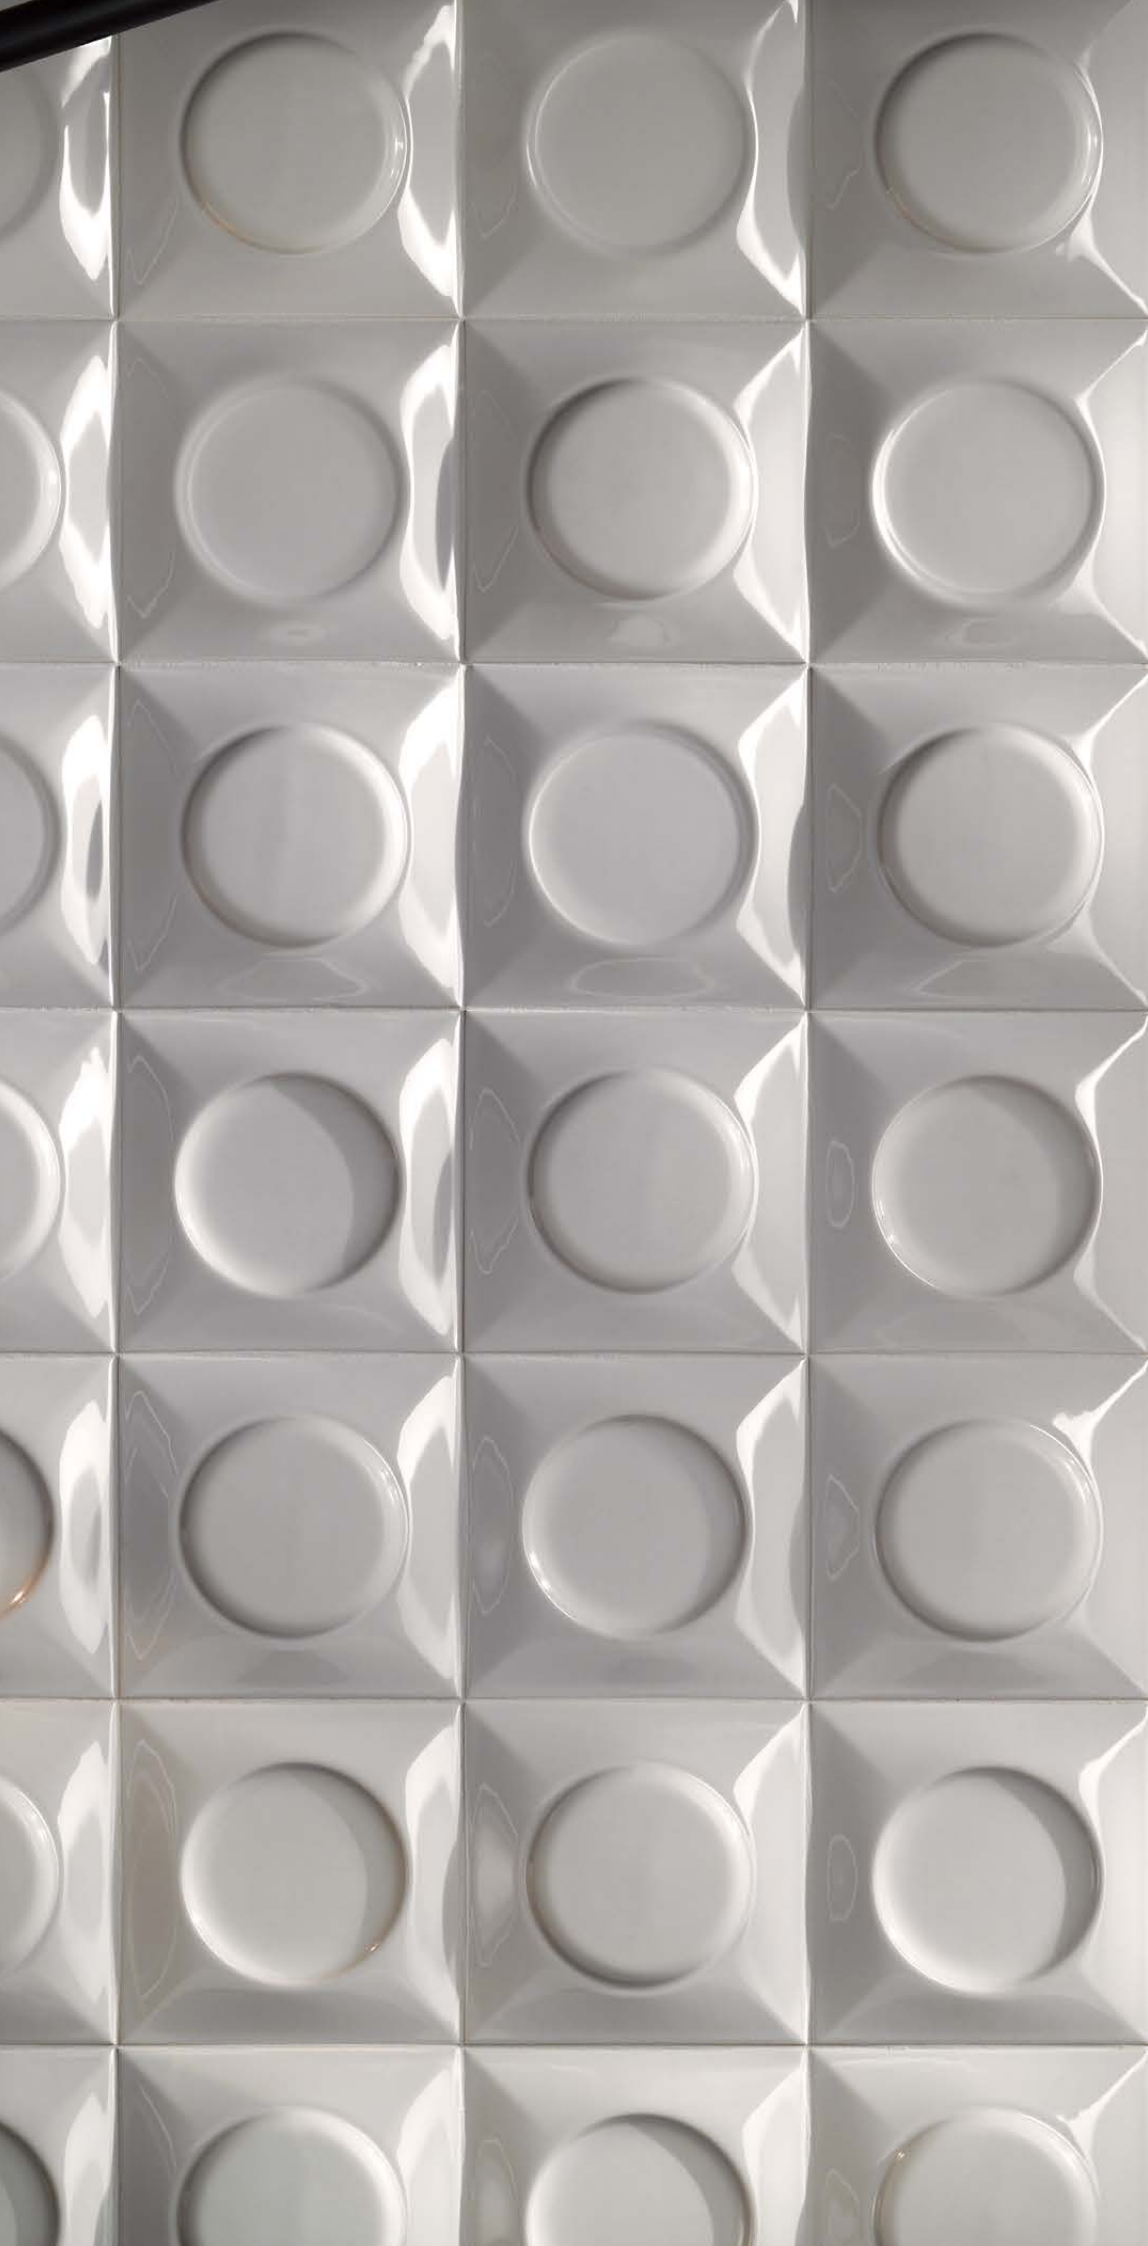

In-relief geometries are emphasized by a savvy use of glazes and dusts in the final stages of the manufacturing process. Lights and shadows suggest the continuous movements of the water recreated in stylized shapes.

Kravitz Design Inc.

Musicista di successo da oltre 20 anni ma soprattutto icona di stile, Lenny Kravitz fonda nel 2003 Kravitz Design Inc. con l'obiettivo di portare la sua energia creativa al di fuori del mondo musicale. Con sede a New York nel quartiere di SoHo, lo stile Kravitz Design è poliedrico e ricercato, si esprime attraverso l'utilizzo di materiali pregiati, di texture non convenzionali per una nuova eleganza classica degli spazi. Nel 2005 e 2006 Swarovski ha selezionato Kravitz Design Inc. per creare due straordinari lampadari all'interno di Crystal Palace Collection. Inoltre per Morgans Hotel Group ha progettato Florida Room lounge del Delano ed ha realizzato la lussuosa sala di registrazione all'interno del The Setai Resort & Residences a Miami Beach. Tra i più recenti progetti dello studio, Tropicalismo, una collezione di carte da parati stampate a mano in collaborazione con Flavor Paper e il concept creativo degli interiors dell'importante progetto residenziale Paramount Bay a Miami FL. Attualmente Kravitz Design Inc. sta lavorando alla realizzazione di esclusivi bungalow e penthouse del SLS Hotel a South Beach, proprietà del Gruppo sbe, brand emergente e pluripremiato nel mondo dell'hospitality e dell'entertainment.

Kravitz Design Inc.

Founded by musician and creative visionary Lenny Kravitz in 2003, Kravitz Design Inc. is the result of the artist's desire to expand his creative energies outside the worlds of music and entertainment. Located in New York's SoHo neighborhood, the design firm's aesthetic translates to a diverse set of circumstances through its use of superior materials, unusual textures, and classic compositions. In 2005 and 2006, Swarovski selected Kravitz Design Inc. to contribute two breathtaking chandeliers to its Crystal Palace Collection. Kravitz Design also conceived the environment and identity for its Florida Room lounge at the Delano for Morgans Hotel Group and is responsible for the luxury-recording studio located in The Setai Resort & Residences in Miami Beach. The firm's most recent endeavors include Tropicalismo, a partnership with Flavor Paper, involving a unique collection of hand-screened wallpapers, and creative work on the Miami, FL condominium project Paramount Bay. Kravitz Design Inc. also completed work on an exclusive bungalow and penthouse suite for the second location of sbe's award-winning SLS Hotels brand, the SLS Hotel at South Beach, set to open Spring 2012.
